

**State Water Resources Control Board  
Division of Water Quality, Water Quality Certification Unit**

**Public Notice  
Of Application For  
Water Quality Certification**

Pursuant to federal law (Title 33, United States Code, Section 1341), applicants for a federal license of permit for projects/activities which may discharge pollutants to waters of the United States are required to seek water quality certification from the appropriate state or Indian tribe with jurisdiction. Such certification is state/tribal regulatory approval for the activity and is based on a finding that any resulting discharge will meet water quality standards and other applicable requirements. The following information is provided in satisfaction of public notice requirements of Section 3858, Title 23 of the California Code of Regulations governing the State's Certification Program:
